## About SMB Horse Sales Inc.

SMB Horse Sales, Inc. was established January 1, 2016 after more than a year of planning. We originally came up with the idea after searching for a good horse for one of our six children and realizing honest and reliable sources were limited. After looking at multiple horses from online ads all over Utah, we realized how frustrated buyers could get looking for a good sound horse that lived up to the advertising. Our idea was reinforced when we decided to sell a well bred mare and were not able to get a spot in any of the existing consignment sales around Utah, as they were mostly invitation only. After realizing a significant need for consignment horse sales in the Utah area, we started the process of establishing SMB Horse Sales, Inc. to offer consignment horse sales in Utah and the surrounding areas.

We have had a passion for horses since childhood. We both grew up spending as much time as possible around horses, and have shared that passion with our 6 children. The goal of SMB Horse Sales is to bring sellers and buyers together in a mutually beneficial, environment; where sellers can showcase their horses to multiple buyers and buyers can view multiple horses at one location. SMB Horse Sales, Inc. is licensed through the USDA (Registration # 22936) and we are bonded and insured. We are committed to ensuring all transactions are compliant with all regulations. We welcome feedback that will help offer better sale experiences for both buyers and sellers!

Marcus studied Animal Science at Southern Utah University, and Sarah has a BS in Accounting and Economics and an MBA from Utah State. Together we have decades of experience working with, training, and using horses in a variety of disciplines.

### *Our Goal*

*To provide a venue where sellers can showcase their horses to multiple buyers and buyers can view multiple horses, in a setting where both seller and buyer are assured honest and ethical transactions.*
