About SMB Horse Sales Inc.

SMB Horse Sales, Inc. was established January 1, 2016 after more than a year of planning. We originally came up with the idea after searching for a good horse for one of our six children and realizing honest and reliable sources were limited. After looking at multiple horses from online ads all over Utah, we realized how frustrated buyers could get looking for a good sound horse that lived up to the advertising. Our idea was reinforced when we decided to sell a well bred mare and were not able to get a spot in any of the existing consignment sales around Utah, as they were mostly invitation only. After realizing a significant need for consignment horse sales in the Utah area, we started the process of establishing SMB Horse Sales, Inc. to offer consignment horse sales in Utah and the surrounding areas.

We have had a passion for horses since childhood. We both grew up spending as much time as possible around horses, and have shared that passion with our 6 children. The goal of SMB Horse Sales is to bring sellers and buyers together in a mutually beneficial, environment; where sellers can showcase their horses to multiple buyers and buyers can view multiple horses at one location. SMB Horse Sales, Inc. is licensed through the USDA (Registration # 22936) and we are bonded and insured. We are committed to ensuring all transactions are compliant with all regulations. We welcome feedback that will help offer better sale experiences for both buyers and sellers!

Marcus studied Animal Science at Southern Utah University, and Sarah has a BS in Accounting and Economics and an MBA from Utah State. Together we have decades of experience working with, training, and using horses in a variety of disciplines.

Our Goal

To provide a venue where sellers can showcase their horses to multiple buyers and buyers can view multiple horses, in a setting where both seller and buyer are assured honest and ethical transactions.

SHE SHINES N TIME: 14'2 Hand 2015 AQHA Mare: Shine was started and competed on in cutting and reined cow horse in Oregon. Due to a cut injury she was retired from showing and was used on a ranch when she was around 6-7 years old. We purchased her about 3 years ago, rode her a few times then started breeding her. She throws very nice babies with great confirmation and great dispositions!! We got 2 colts (one buckskin) while she was in our breeding program. She is going back on a large ranch for a solid 90 day tune up prior to sale day and will be ready to ride. She is very athletic, works off your feet, has a solid finish on her and will work a cow!! She does have a scar on her left front shoulder from the cut injury but was never sore or had any affect from it in the 3+ years we have had her. She is watchy, but loves attention and has a very sweet disposition when she settles in with you. She is good to tack up / bridle / load and haul / shoe - she can be a little tough to catch but a handful of treats and a hay twine will do the trick. Call Marcus @ 801-520-6847 with questions. She is a 2D/3D horse depending on the rider and would be suitable for a confident youth. This mare is a no funny business kind of mare. She knows her job in the barrel pen and is a free runner so I would not suggest her for a complete beginner. No alley issues. She travels great and has been hauled across the country. No spook to this mare. Been there, done that rodeos and barrel races. She is extremely broke and has all the buttons. With her speed, size, handle, and experience she could easily be turned into a head horse or drill team/queen horse. She is great on the trails and has been to the mountains. She can walk out and is sure footed! She has also been used in parades and has competed in team sorting. Goldie is not at all mareish and is not a bully in the pasture. She is easy to catch and loves attention. She is just an all around nice mare to have around! Ride her now and breed her later. RIP
Grade

Rip: 15'3 Hand 2007 Grade Gelding: Rip is a one of a kind gelding that has had quite the life. Prior to us owning him, he was a turn back horse in the cutting pen. Because of this, he has a very fancy handle to him. He moves in a collected manner and looks good doing it. When his time in the cutting pen was up, he moved into the bright lights of Hollywood and starred in the first season of Kevin Costner's T.V. drama, Yellowstone. He can be seen in multiple episodes with different members of the cast riding him. Since then, he has been soaking up his fame and enjoying life as a great riding horse. Even though he looks tough, he is a sweetheart and just wants to be wherever you are. He would make the best riding companion for someone searching for a good looking pleasure horse and possibly even a kids horse with more consistency. Because of his previous athletic endeavors and an old injury, Rip requires a special shoe and proper maintenance to keep him feeling and riding his best. Rip is ready for a new home and will be a great asset to any family. Contact 435-609-6371 for more information on Rip and his maintenance. See Video at <https://www.smbhorsesales.com/copy-of-hip-7>
