About SMB Horse Sales Inc.

SMB Horse Sales, Inc. was established January 1, 2016 after more than a year of planning. We originally came up with the idea after searching for a good horse for one of our six children and realizing honest and reliable sources were limited. After looking at multiple horses from online ads all over Utah, we realized how frustrated buyers could get looking for a good sound horse that lived up to the advertising. Our idea was reinforced when we decided to sell a well bred mare and were not able to get a spot in any of the existing consignment sales around Utah, as they were mostly invitation only. After realizing a significant need for consignment horse sales in the Utah area, we started the process of establishing SMB Horse Sales, Inc. to offer consignment horse sales in Utah and the surrounding areas.

We have had a passion for horses since childhood. We both grew up spending as much time as possible around horses, and have shared that passion with our 6 children. The goal of SMB Horse Sales is to bring sellers and buyers together in a mutually beneficial, environment; where sellers can showcase their horses to multiple buyers and buyers can view multiple horses at one location. SMB Horse Sales, Inc. is licensed through the USDA (Registration # 22936) and we are bonded and insured. We are committed to ensuring all transactions are compliant with all regulations. We welcome feedback that will help offer better sale experiences for both buyers and sellers!

We have enjoyed getting to know many people from many places over the years we have been doing sales, and we look forward to meeting many more. We have developed several lifelong friendships through doing Sales and we love to see good horses go to good homes!

Our Goal

To provide a venue where sellers can showcase their horses to multiple buyers and buyers can view multiple horses, in a setting where both seller and buyer are assured honest and ethical transactions.

Since being gelding in early 2019 - Peppy got a 45 ride tune up with Matt Bailey then went to work on the ranch with Quinton Osborn (QO Performance Horses) where he has been used on the ranch - in the branding pen - doctoring - riding fence - and been started on trailing the Hot Heels. By sale time he will have almost 18 months working on the ranch and a good start into roping. Peppy is extremely athletic and has the makings to finish out into a heel / breakaway / or calf horse. Chisolm: 15'2 Hand 2009 Grade Gelding: This nice made gelding is a seasoned using horse, John Wayne would have been proud to ride this guy- mountains, trails, ranch, whatever. He will ride where you need him to. Nice big mover, he'll stays broke, knows his job and will take care of his rider. Stout, Strong and One for a lot of people to enjoy. He's got years of experience and is in the prime of his life. Loads, Hauls and Stands great. Worked cattle, knows what a rope is and will ride out with a big walk and go where ya want him to. Long story made short about this good gelding. I've got an acquaintance that ran her own ranch and 300 pairs in Wyoming at the age of 75, she had an accident three years ago and it's been a struggle trying to mend, she called me this Spring and said she needed to sell her horses that she just can't ride anymore. The day I picked up them up was a sad day with tears in her eyes she said good bye to some good honest broke horses, from an honest rancher, she rode a good horse and knew what she liked to ride. He's got an old scar on his back left from wire but it's never bothered him. The only hole this gelding has is he's not the best to shoe, a good ferrier can get it done okay but it takes a little patience, don't let this stop you from owning a nice "been there done it" gelding. He will cross anything, pack out animals, pack out horns, drag logs, and travel out like a champ. He crosses water and goes through dead fall like a pro. He hauls wells and is excellent to shoe. We have never put dudes on him, but only because I like to ride him so much. My 12 year old daughter has ridden him. He is not a horse you have to peddle down the trail. He hobbles and has been tied out at elk camp. We have roped cows out on the trails and have used Clyde as a snub horse for colts. He is not a spooky horse. We hate to sale Clyde, but I need to ride the young ones and with him around I don't want to ride the others.

This sweet mare is not only pretty and gentle she is also guaranteed in foal to a beautiful palamino Gypsy stud. She is a granddaughter of A SUDDEN IMPULSE on top side and a great granddaughter of ZIPPO PINE BAR on the bottom side. She has been shown in halter, western pleasure, showmanship and walk trot pleasure. She is easy to catch and a pleasure to be around. She has been rode out on the trails as well. If you are looking for a show prospect, 4-h horse or a quality brood mare than this is your girl. She should fit most any level of rider and make a great family friend.
